

Source anatomy: identity is not reproduction

Direct source modules (A), PCM adaptations (A'), and evidence status remain separate

Primary identity	True role	Transfer / control	PHK-V2 evidence
Sharp paper	phase-field domain anchor	A: staggered/RFF/modified MLP	paper metric not reproduced
Sharp repo 4b7029e	separate long-budget recipe	isolated GPL comparator	module smoke only
PF a25f75b	sampling + NTK support control	A': phase/hotspot sampling	module smoke only
PirateNet / jaxpi2	general strong architecture	adaptive pseudo-time falsifies KC story	architecture smoke only
Causality-RBAR	causal adaptive support	separate best-method track	official code URL 404
Miquel et al.	wall-cell causal-chain inspiration	transparent dimensionless A'	not an open oracle
